## God is Holy

*Lev. 11:44-45*

“For I am the LORD your God. Consecrate yourselves therefore, and be holy, for I am holy.....

For I am the LORD who brought you up out of the land of Egypt to be your God. You shall therefore be holy, for I am holy.”

## Red Sea

Red Sea is about 1,400 miles long with a width of about 100 miles. The depth can range between 426 feet to over 9,000 feet.

19

19

---

---

---

---

---

---

---

---

## Red Sea

The Red Sea is symbolic of God's love. The Red Sea, like God's love, is so wide and so deep, that man can never cross back over it. A child of God can never do anything to cross back over the Red Sea into Egypt with the unsaved (that is, back into death).

20

---

---

---

---

---

---

---

---

## Red Sea

To allow man to cross back over or to force him back over the Red Sea would violate God's very nature, because God is love.

## Jordan River

Jordan River is about 200 miles long with a width of about 90-100 feet. The depth can range from 3 – 10 feet depending on where you stand.

www.AbidingRoom.com

22

22

---

---

---

---

---

---

---

---

Crossing the Jordan is symbolic of entering God's most intimate presence: when we are abiding in Christ and thus filled with the Spirit.

23

23

---

---

---

---

---

---

---

---

Unlike the vast Red Sea, the Jordan River CAN be crossed back over by man if man so chooses. God gave us a shallow, narrow, physical Jordan River, which man is able to choose to cross back over in order to show us that in our spiritual life we may choose to go our own way, and out of God's intimate presence.

# Jordan River

To allow man to continue in sin and still remain abide in His intimate presence would violate God's very nature, because God is Holy.

(Yet, God's grace remains).
